# Are you and your child interested in participating in research?

## Information

Researchers at the **Seaver Autism Center** are developing a new questionnaire measuring social behavior of **autism spectrum disorder (ASD)**. They are looking to recruit parents and their children to help test the new questions.

## Eligibility

- Children **ages 3-11**
- Have confirmed or suspected **ASD** diagnosis

## Time Commitment

### Initial Visit

- 1 In-Person Visit
- 1 Remote Session
- 10 questionnaires

### 6 Week Follow-Up

- 1 Remote Session
- 2 questionnaires

## Compensation

- **Up to \$100**
- Option to receive full evaluation of child's development and meet with clinicians for feedback.

To enroll in the study, please contact

**fossfeiglab@mssm.edu**

or **212-241-0961**

Effective Date: 8/24/2022  
End Date: 8/3/2023
