RESEARCH OPPORTUNITY FOR FAMILIES WITH CHILDREN ON THE SPECTRUM

What is this study about: We are interested in looking at how social and emotional skills, like self awareness and responsible decision-making, may impact one's mental health. This is a thesis study as partial requirements for the UBC School and Applied Child Psychology Master's Program.

Who can participate: One parent and one child, aged 9-15 who has a medical diagnosis or an educational classification of Autism Spectrum Disorder (ASD).

Participate and get a chance to win 1 out of 3 \$50 Amazon gift cards!

What happens if I agree to participate: You and your child will be asked to complete an online anonymous survey, which will take around 19-24 minutes.
